

CONFLICT OF INTEREST POLICY

The Board of Korfbal SA is committed to high standards of ethical conduct and accordingly places great importance on making clear any existing or potential conflict of interest.

This policy has been developed to provide a framework for all Board Members in declaring conflicts of interest.

The Board places great importance on making clear any existing or potential conflicts of interest. All such conflicts of interest shall be declared by the member concerned and documented in the Board's Conflicts of Interest Register.

A Board member who believes another Board member has an undeclared conflict of interest should specify in writing the basis of this potential conflict.

Where a Board member has a conflict of interest, as defined by statute, that Board member shall not initiate or take part in any Board discussion on that topic (either in the meeting or with other Board members before or after the Board meetings), unless expressly invited to do so by unanimous agreement by all other members present.

Where a Board member has a conflict of interest, as defined by statute, that Board member shall not vote on that matter.

The Board may supplement the statutory definition of conflict of interest if it so wishes, in which case the same procedures shall apply.

Board members are not barred from engaging in business dealings with the organisation, provided that these are negotiated at arm's length without the participation of the Board member concerned.
